

Contents of library TRIANGLES.DET

All of the above symbols are saved in a library called TRIANGLES.DET.

To get these symbols, put the file TRIANGLES.DET in the AcornClients folder.

The triangles can be recalled individually by right-click in open space, select Library Detail. Choose the library TRIANGLES, and select whichever item you want.

Remember that by holding down the shift key and pressing the down arrow, you can reduce the library detail to any desired size.
